

Instructions For Adding Raised Panels To Your Racks:

Step 1. Set your assembled wine rack onto baseboard platform.

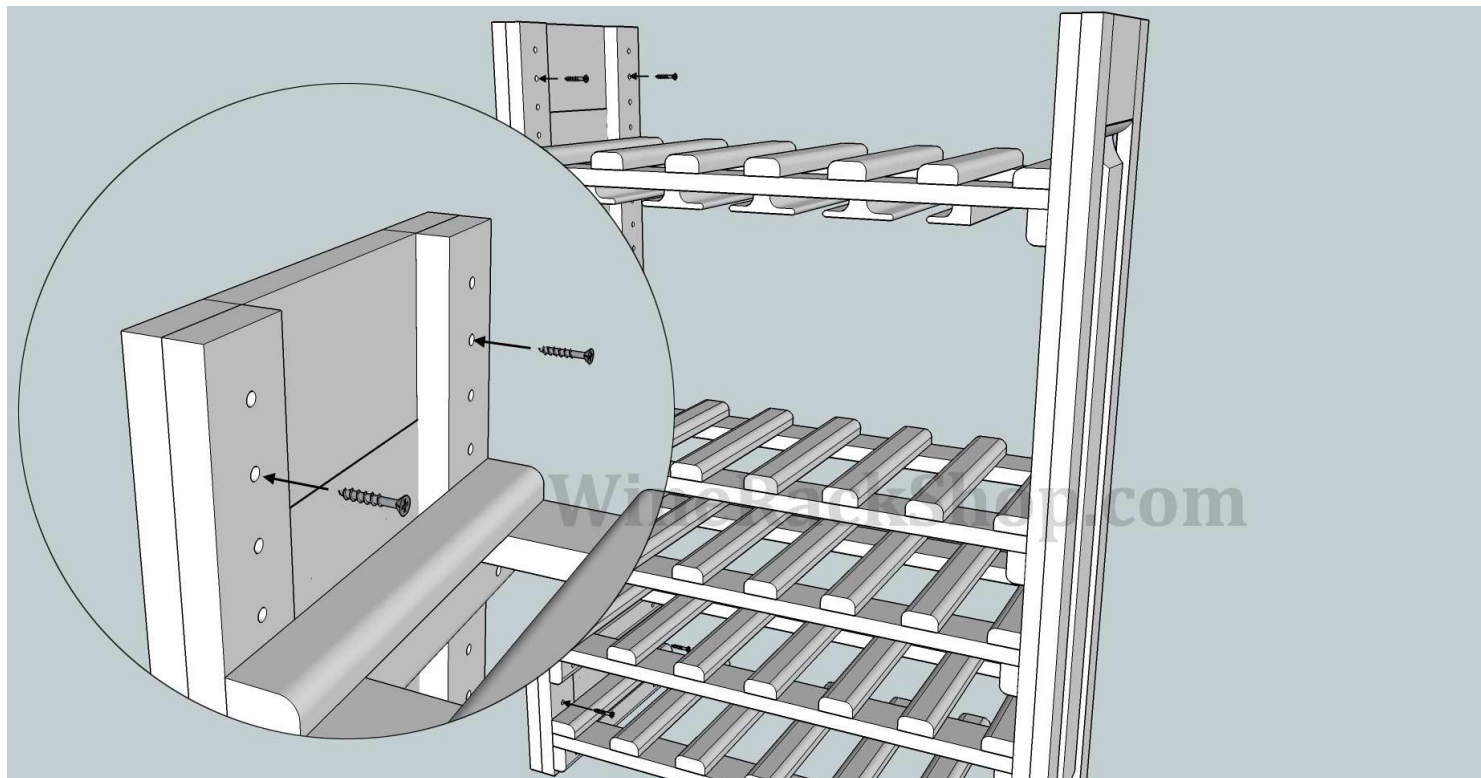

Step 2. Slide raised panel sides along rack uprights onto baseboard platform.

Step 3. Slide rack top over raised panels and rack. Rack top and baseboard platform will hold raised panels in place. Skip step 4 below.

Step 4. If your rack does not include a top and/or baseboard, insert wood screws through pre-drilled holes in rack uprights to attach panels to rack.

Step 5. Add wine to your wine rack with raised panels!
