

Shelf Assembly Instructions:

Step 1. Align all rack uprights with ends marked “B” at the same end. This end of rack uprights is the bottom of the rack and will sit on the floor.

Step 2. Insert bolt through pre-drilled lowest(1st)rack upright hole and pre-drilled shelf hole. Hand-tighten nut on inside of shelf. Repeat this step for each upright and each shelf. Do this for all 4 rack uprights.

Step 3. Stand rack on level floor and use Allen wrench to tighten nuts and bolts completely. Bolt heads should sink slightly into wood rack uprights. If your rack has a top and baseboard, slide rack onto baseboard and slide top over rack uprights to complete assembly.

Step 4. Add wine to your rack!
